MPN: EDGE-MSB

EDGE-MSB. Mobile Telescopic Mast with Optimized Solar Performance

Ernitec EDGE is a robust, self-sustaining surveillance platform engineered for remote and unmanned environments. Its precision-angled solar array maximizes energy capture, delivering dependable monitoring without reliance on grid power.

Featuring an integrated solar rack for rapid deployment, the Ernitec EDGE ensures uninterrupted operation and minimizes downtime in challenging locations.

Perfect for surveillance in construction zones, infrastructure projects, vacant assets, and temporary installations, it provides proactive protection against theft, vandalism, and costly delays—keeping your site secure and your project on track.

Inside of this mast system there is a IP66 cabinet for your own installations.

- 3 x 220W Solar panels
- Surveillance cameras and floodlight as shown in the images, is not included
- Special delivery requirements: Regular delivery is only possible where either a forklift or i high loading dock is available. Otherwise ask for price on a special delivery!

Specifications

Legal Information	**ADR Information**	No restrictions
	Country of Origin	Netherlands
	Tariff No.	7308909890
	UNSPSC Code	26111701
Package dimensions	**Depth (package,cm)**	111 cm
	Gross Weight (Package, kg)	400 kg
	Height (package,cm)	229 cm
	Width (package,cm)	111 cm
Product dimensions	**Net Weight (Product, kg)**	400 kg
	Product Depth	111 cm
	Product Height	229 cm
	Product Width	111 cm
Vendor information	**Brand Name**	Ernitec
	Warranty	1 Year(s)
