# EDGE-MSB Tower Standard. With Battery backup, Network and Solar setup

**EDGE-MSB Tower Standard**

The Tower comes with Battery backup and network setup built-in accessories.

Rugged off-grid surveillance with enhanced solar efficiency
The MSB-Edge is a compact, rugged surveillance unit designed for off-grid and unmanned sites. With a strategically angled side to maximise solar efficiency, it offers reliable remote monitoring powered entirely by renewable energy.

Its integrated solar panel rack provides a turnkey solution for locations without mains power, ensuring continuous operation and reduced downtime. Ideal for construction sites, infrastructure, vacant properties and temporary installations, the MSB-Edge helps prevent theft, vandalism and costly project delays.

The MSB-Edge is equiped with spoon slots or lifting eyes for easy loading with a fork truck or a crane. Also check our specially designed trailers to transport the TelescopicMast products.

Note: security equipment as shown in the images, is not included.
